

Your Health Plan's Network

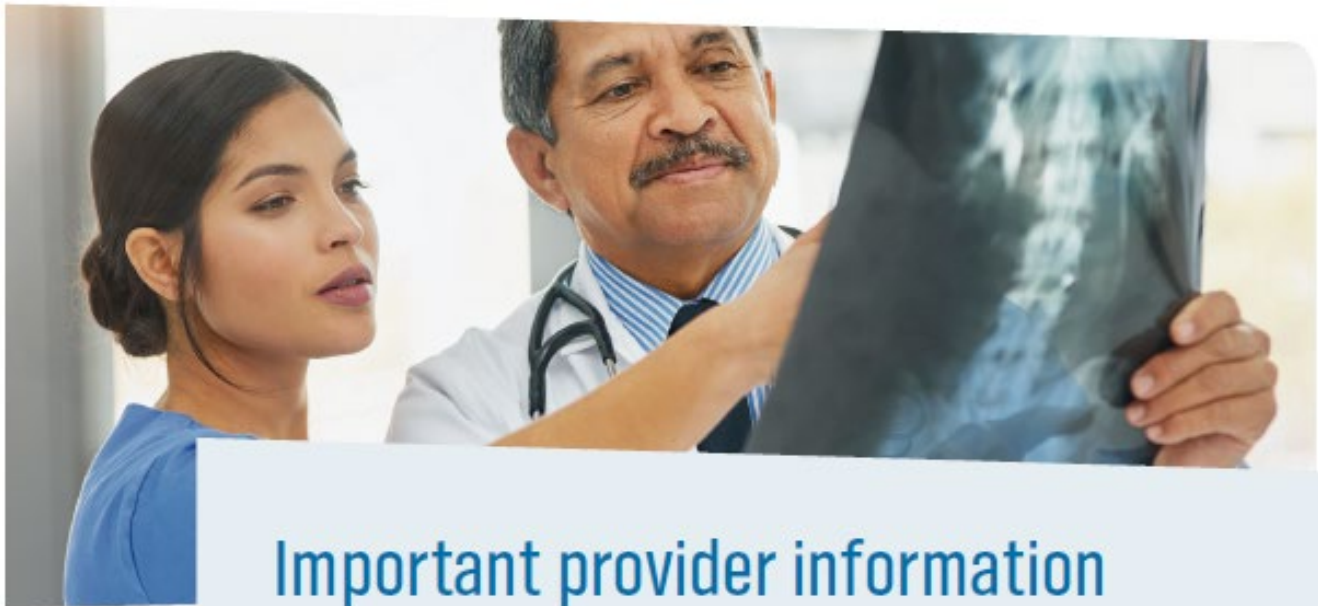

You have freedom of choice. Your Medicare Advantage PPO plan isn't tied to a provider network. That means you can see any doctor that accepts Medicare and your plan. You pay the same cost share (copay or coinsurance percentage) whether your provider is in- or out-of-network.

We've got you covered. When we say "any doctor," we mean it. You can also see specialists and other providers as long as they accept Medicare - and you don't need a referral.

What if a doctor or other provider says they don't accept the Medicare Advantage PPO plan? Some doctors who aren't in our network don't know they can work with us. You can use the attached flyer to show your doctor or provider:

- ✓ You have a Medicare Advantage PPO plan that provides access to Medicare-participating doctors.
- ✓ Where they can call if they have questions.

Our Medicare Advantage PPO Member Services team can answer your questions. Call us at 1-844-889-6357. TTY users, call 711. We're available Monday through Friday, 8 a.m. to 9 p.m. ET, except holidays.

Important provider information

No contract required

Your patients rely on you and the comprehensive care you provide. They look to you for information and guidance on how to achieve their health goals and maintain them. Blue Cross and Blue Shield of Georgia, Inc.'s Medicare Advantage PPO plan can help you continue seeing your patients even if you aren't a contracted provider. With our plans:

- Our PPO members have the freedom of receiving services from either network or non-network providers as long as the provider is set up to receive payments from Medicare and willing to accept the patient's plan.
- No contract is required to see PPO members with a Medicare Advantage plan.
- Medicare allowable rates are paid to providers for covered services, less the members' copayment, coinsurance and/or deductible.
- Patients are not required to obtain a referral before they see a provider.
- Our PPO plan covers members in all 50 states, Washington D.C. and Puerto Rico.
